

ANNUAL MEMBERSHIP DUES NOTICE

Water District/ Water Purveyor /Municipality Membership Application/Renewal

Water Association of Kern County P.O. Box 2165 Bakersfield, CA 93303 661-746-3300 www.wakc.com

Help support education, outreach and information about water issues in Kern County

The Water Association of Kern County is continuing and enhancing a strong effort to educate the general public about water issues that effect Kern County. Targeted outreach, engaging water speakers and discussions, media appearances, a newly designed website, videos, Facebook and Twitter were all utilized in the past several years to reach the public. WAKC held meetings on the severe drought, irrigated lands, the California water bond, and featured Felicia Marcus from the State Water Resources Control Board at its annual meeting. We also developed a water conservation program by utilizing GET buses to get water messages across to the general public. The goal of the WAKC is to continually provide education and information to the public so that citizens become better informed about critical water issues in Kern County.

Informed citizens make better voting decisions

Please help us continue these efforts through membership. The WAKC board of directors recently overhauled its membership programs, since dues had not been altered since 1984. Costs have risen and new efforts require more funding. We hope you will help support our efforts.
